

SMDP Outreach Ministries

People Helping People

We're Excited

October 21, 2019

Greetings!

SMDP Outreach has just received a wonderful opportunity! A generous sponsor has offered to match all donations raised before Christmas up to \$25,000. With your donations, this match of \$25,000 could mean \$50,000 to SMDP Outreach very quickly.

Donors like you have helped homeless, hungry and poor families at our location for 6 years. Your support has changed lives. Donors have provided food and support 5 days a week to an increasing number of individuals and families. You have helped people get jobs, medical help, and those performing service hours. In addition, you are helping children succeed in school through after-school help. and the teaching of English. All of that is done with generous support from so many, whether it is their time, talent and/or funding support.

Currently we are operating in a building that has less than 4 years on the lease. The building is small and needs extensive work. Whether it is possible to purchase the building and extensively renovate or move to another facility, capital funding will be needed

To make that happen, we are beginning a Building Fund and your help is needed to take advantage of the donor match. Please contact us with any questions and concerns. It is because of you that so many have been fed, educated, and provided skills to better their lives. Thank you for all your past support .
